Addition

One box has 7 pencils and another has 5. How many in all?

$$7 + 5 = 12$$

THINK ABOUT IT

Does the total change if you swap 7 and 5?

Subtraction

You have 12 stickers and give away 5. How many are left?

$$12 - 5 = 7$$

THINK ABOUT IT

What does each number represent in this example?

Multiplication

There are 4 bags with 3 apples in each. How many in all?

$$4 \times 3 = 12$$

THINK ABOUT IT

How would you write this as repeated addition?

Division

Share 12 cookies equally among 3 people. How many does each get?

$$12 \div 3 = 4$$

THINK ABOUT IT

How many would each get if you shared them among 4 people?
